

Sponsor a Child

When you sponsor a child, you are linked with one particular child who will know your name, write to you, and have the opportunity to reach into at least one child's life through sponsorship.....[Sponsor a child today](#)

Nakhshin is 10 years old and lives in Koya. Her father died of cancer in 2008. She lives with her mother who looks after Nakhshin and her eight siblings. She loves going to school but the family are very poor and are in desperate need of help.

Nakhshin does not have a sponsor. She would be very grateful if you would like to become her sponsor, so she will be able to stay at school and continue her education.

Sherwan is 9 years old and is attending primary school. His father died in 2008. His mother is a housewife and takes care of him and his three siblings. They are very poor and in urgent need of support.

Sherwan does not have a sponsor. He will be very grateful if you would like to sponsor him so that he will be able to stay at school and continue his education.
